

Instructions
for

WITNESSING CARD WALLET

Materials needed

STEP 1: Cut a piece of printed Duct Tape 4" long.

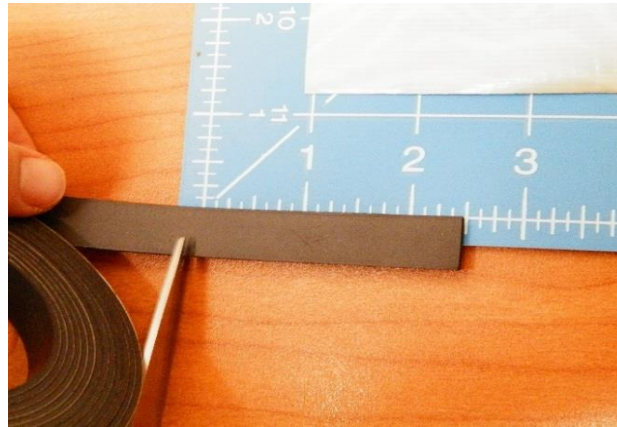

STEP 2: Overlap next piece of tape a scant 1/4" and cut at 4 inches long to match edge of first piece. Repeat until you have four strips, making a piece of fabric about 4" x 6 3/4".

STEP 3: Repeat steps 1 and 2 to make a second piece of fabric. (You may use a contrasting solid color.)

STEP 4: Flip one piece of fabric over.

STEP 5: Cut two pieces of magnet 2 ½ " each. Bend them the opposite of curve to make them flat.

STEP 6: With one magnet strip facing up and one facing down, place a piece of magnet 1/2" from each end of fabric.

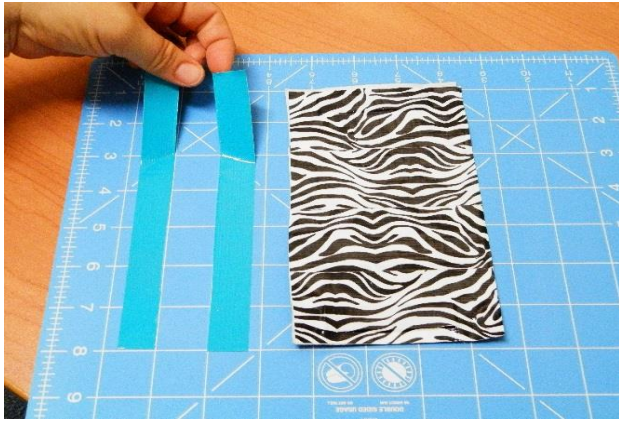

STEP 7: Carefully place second piece of fabric onto first piece, lining up edges and corners. (Best with 2 sets of hands.)

STEP 8: Cut a 6 3/4" long strip of contrasting solid tape.

STEP 9: Mark a line along center lengthwise.

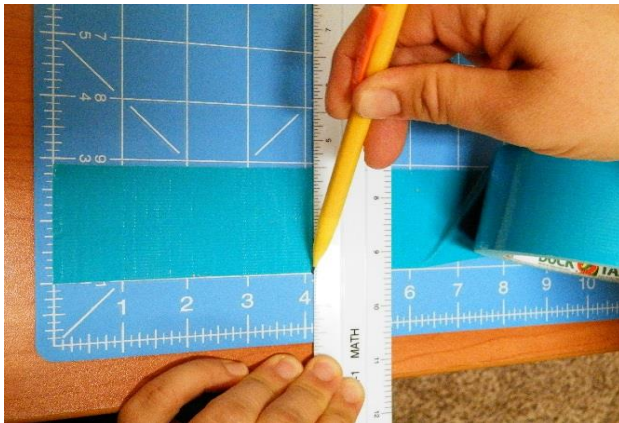

STEP 10: Cut strips.

STEP 11: Place strips along long edges, overlapping halfway.

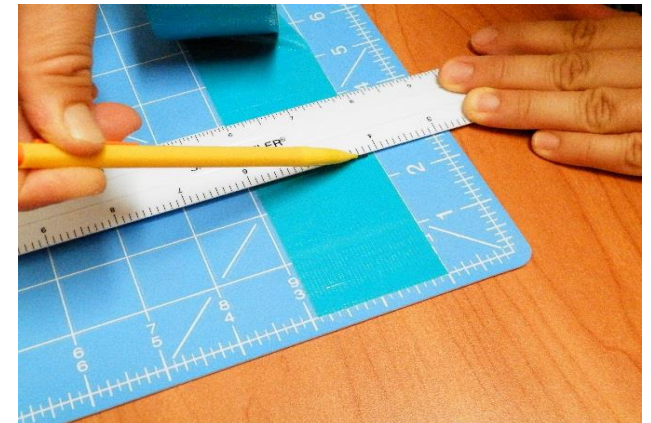

STEP 12: Flip fabric over and fold border tape over smoothly.

STEP 13: Cut another strip of border tape 4" long. Mark and cut in half lengthwise.

STEP 14: Apply to ends the same as you did the sides in steps 11-12.

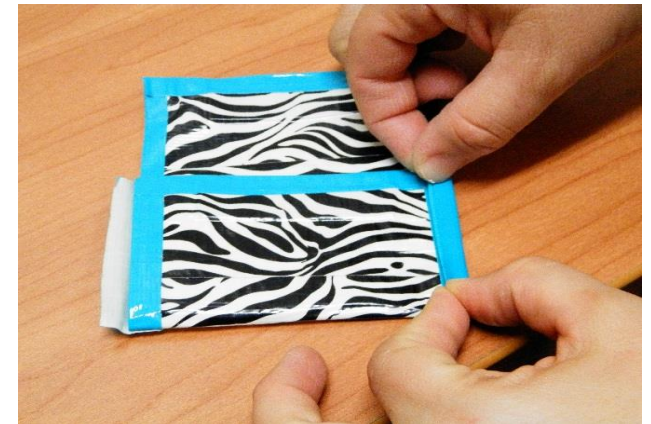

STEP 15: Cut another strip of border tape 2 1/2" long. Mark and cut in half length wise.

STEP 16: Fold one end of fabric up 2 1/2". CHECK WHICH WAY THE MAGNET WORKS BEST BY FOLDING IN THIRDS.

STEP 17: Flip over and apply 2 1/2" border tape to sides, lining up with inside edge of border tape already on wallet.

STEP 18: Flip. Fold border tape over to encase lower part of wallet.

STEP 19: Cut 3/8" strips -one 2 1/2" long, and one 1 1/2" long - to embellish your wallet with a cross.

STEP 20: Fill your wallet with witnessing cards!

Now you are ready to witness!!!
