# CLASS NAME: *Being Mindful*

## Scripture:

That ye may be mindful of the words which were spoken before by the holy prophets, and of the commandment of us the apostles of the Lord and Saviour:

II Peter 3:2

Therefore we ought to give the more earnest heed to the things which we have heard, lest at any time we should let them slip.

Hebrews 2:1

## Quote 1:

“That was God’s provided way, go meet Jesus. That’s right, always. When you got sorrow in your home, go meet Jesus. Got sickness in your home, go meet Jesus. Got heartaches in your home, go meet Jesus. Hallelujah. If you got a need for anything, go meet Jesus. Go meet Him. He’s got all the remedy, everything there. He ain’t got the remedy. He’s got the cure. Amen. Then she went to meet Him, and she fell down at His feet.

And she had read a story, one time, where there was a woman way back in the Bible, and a Shunammite. She was very mindful of a preacher by the name of Elisha. So she made a little chamber on the side of her house there, put a bed and a candle and a stool, so forth. And Elisha come by and he seen all this goodness she had done for the preacher, paid her tithes and everything, you know. So he said, “Go and ask, see what we can do, if I shall speak to the king or to the chief captain.”

## Quote 2:

“The sunlight is sent to the earth, in the natural, to ripen the grain for the advancing harvest. Each day brings forth a new sun. The sun that’s shining today, bringing the wheat up, in Canada; that same sun, well, if it hadn’t... didn’t have no more sun than that, this coming July or August, it could never ripen the grain. It’s got to be stronger and more powerful, each day it grows and matures, to bring the grain on.

Now if the grain, itself, if it begins to mature, the grain comes on, if it stays right with the grain, it only builds the grain. Each day, the husk around it, the--the part calcium and whatever goes in it, builds right into the grain, as the sun gets stronger.

But you take the sun that shines in August, and put it on the wheat today, it would kill it. Certainly, you can’t do that. It must come in its season. So must God’s wheat and grain ripen just in the season, the season it’s in. But how could a sun... Well, a wheat would die, the fruits would die, by the sun that lives today, that shines today, rather. Its oncoming harvest is ripening.

The grain should mature with the light.”

# Lesson:

We want to talk today about being “MINDFUL”. What does it mean to be mindful? When you’re mindful of someone or something, how would you be?

If you’re mindful of someone, you might do something that you know really means a lot to them. Your mind is on what you are doing for that person, and it most likely will mean a lot to them that you were thinking of them. It shows that you love and care for them. Also, if you’re mindful of your parents, you listen and do what they ask you. You’re being obedient.

Many Bible heroes have examples and testimonies that show us they were mindful of God and how God blessed them and took care of them.

Brother Branham talks of the Shunamite woman in the Bible and how she was mindful. He said, “she was very MINDFUL of a preacher.” Does anyone know who this preacher was? It was Elisha.

She believed and supported him. Brother Branham even said that she paid her tithes. That’s a very important thing to do! Let’s listen to Bro. Branham tell us about her.

- [PLAY QUOTE 1](#)
- [READ II PETER 3:2 AND HEBREWS 2:1](#)

We want to be MINDFUL of the things Bro. Branham tells us to do, and do it. We must stay in the Word, and keep it always before us. When we do, we’re doing it unto God, for the Word comes to the prophet; and God will give you more understanding, more revelation!

- [PLAY QUOTE 2](#)

The more MINDFUL we are to study the WORD, the more we’re entertaining Him, dwelling in the presence of the S-O-N, ripening; more hidden in Christ. The things (distractions) of this world mean less and less to us as HE becomes greater and greater. Then we become more like Him.

## TUTORIAL

### MATERIALS NEEDED

# Steps:

1. Hot glue the wick to the bottom center of the candle jar.
2. Put Mod Podge on the bottom section of your jar.
3. Place one end of the yarn at the bottom of the jar. Hold that end firmly and begin wrapping the jar.
4. Once you get the desired amount of that yarn on your jar, stop and cut the yarn. Be sure that you stop on the same side of the jar you started on.
5. Keep placing Mod Podge and decorating your jar however you like.
6. Finish wrapping the jar completely, ending at the top.
7. Place the pot on a small burner and pour in the wax.
8. The wax melts quickly, be sure to stir continuously.
9. After the wax is completely melted, add in candle fragrance.
10. Pour the wax into the candle jar.
11. Wrap the wick around the pencil and rest on the top of the jar. This will keep your wick straight.
12. Let the candle sit for 24 hours. The candle should be completely hard.
13. Remove the pencil and trim the wick.
14. Enjoy your candle!

Good job!
