It was a pleasure to read your letter, and see that you were sincere in your asking me the following questions. I will try by the help of the Lord to answer them for you. First; In regards to taking the communion, Yes you take it, you dont have to be a minister to do this, the wine is O.K.. and the question that you asked about the number 666 it is only your birth path, and that means nothing at all, as you are now re- born a child of the Lord.

MINISTERIAL
ADDRESSES

Trusting to hear from you again in the near future.

NOTE: The question I asked Bro. Branham is as follows:

I told him we had no minister, and wanted to know if it was all right for me to give communion. Also, if it was all right to use "Kosher" wine.
