STORING FOOD

Print and color

Final Project Dimensions: 4” x 8 7/8”

Supplies:

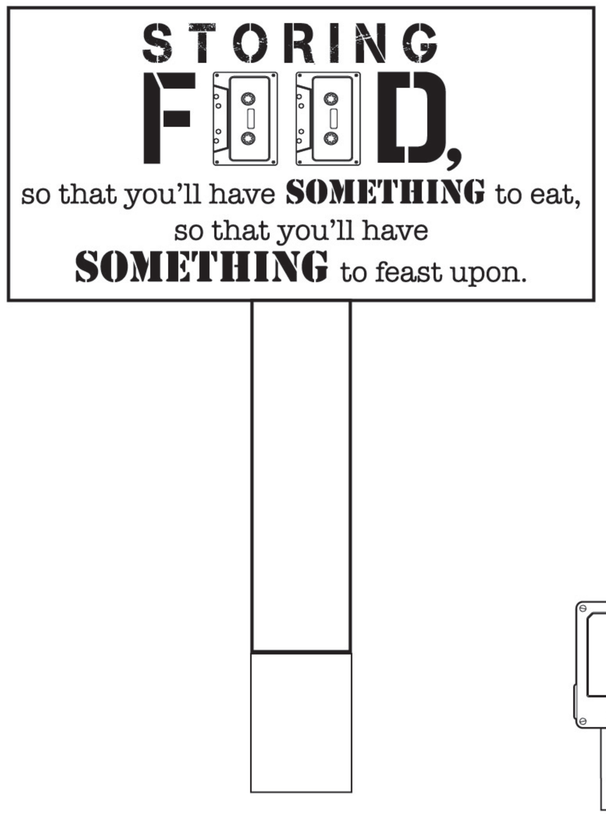

- Glue Stick
- 5 Sheets of Cardstock
- Scissors
- Colored Pencils or Crayons

Instructions:

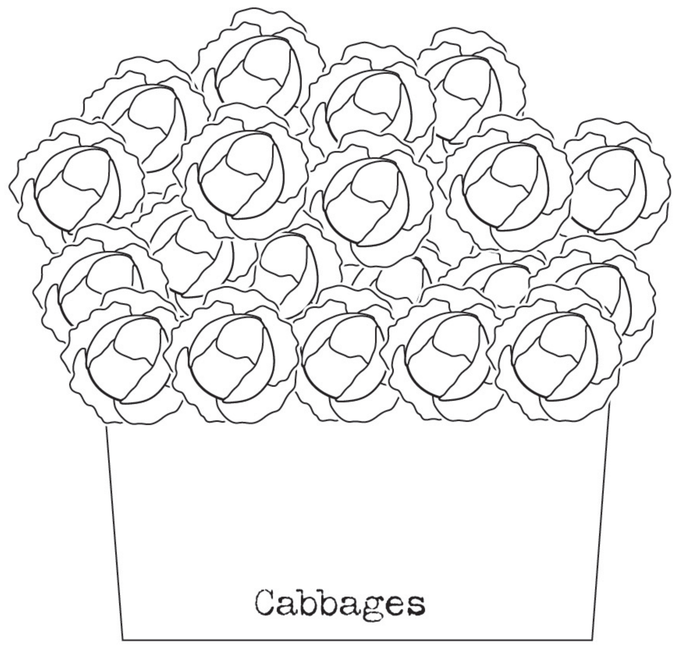

- Print out the table template and cutouts in landscape mode, actual size. We suggest printing the table and cutouts on cardstock.
- Color all the pieces. Then cut out.
- Fold on the darker black lines and tabs to form the 3D table. Do not fold on the lighter lines on the tabletop. Use the numbers to match the sides together. Secure the tabs with glue.
- If you are making clay veggies, reinforce your table with cardboard and follow along with the Storing Food Tutorial to finish project.
- Fold the tab along the base of the veggies and glue to your table top.
- Tuck the tablet, sign, tape, and barrel pieces between your veggies and secure with glue.

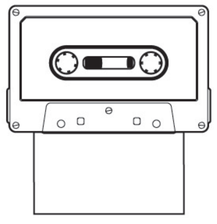

MISSION ACCOMPLISHED!

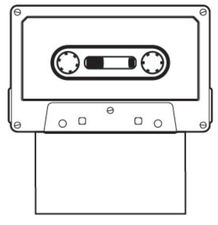

Cutouts:

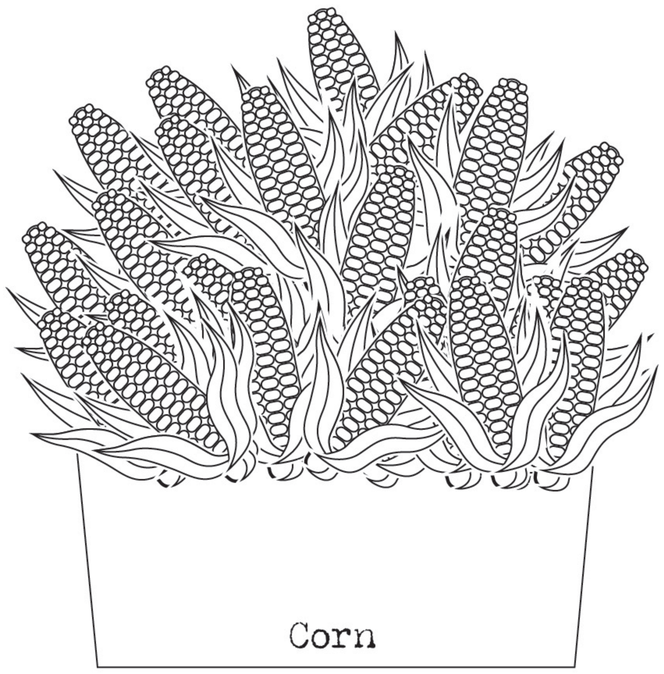

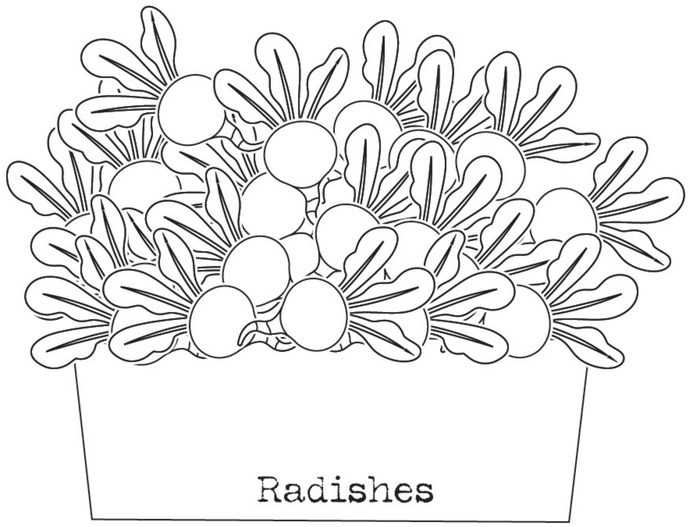

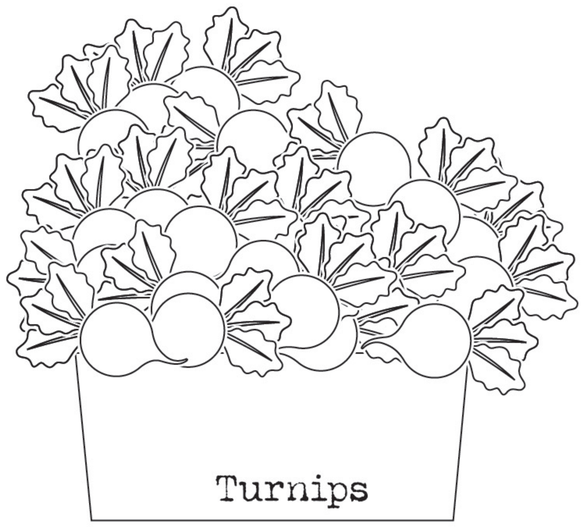

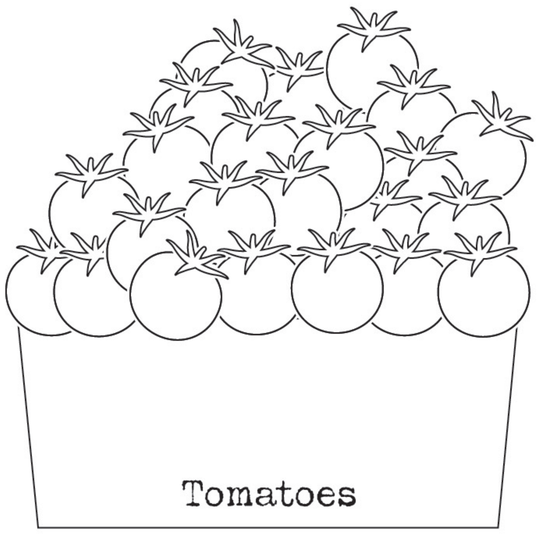

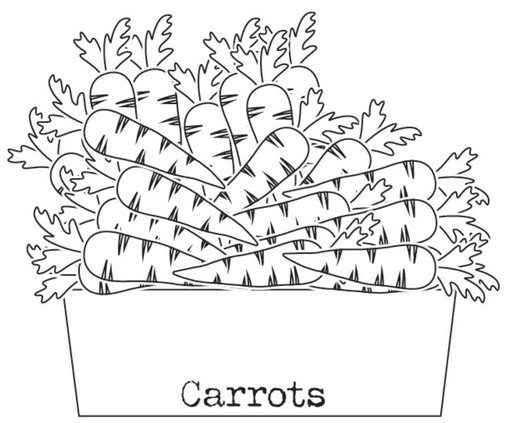

Corn

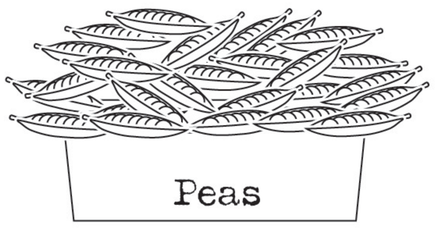

Radishes

Turnips

Tomatoes

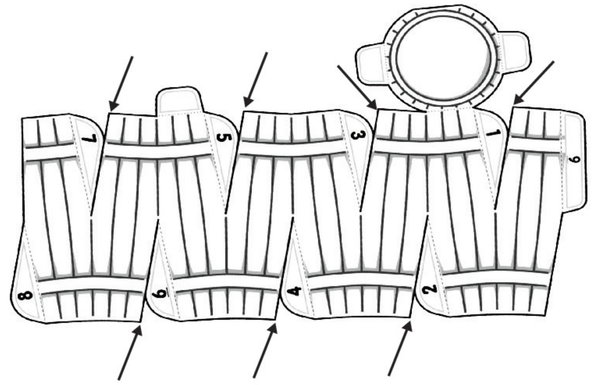

Potatoes

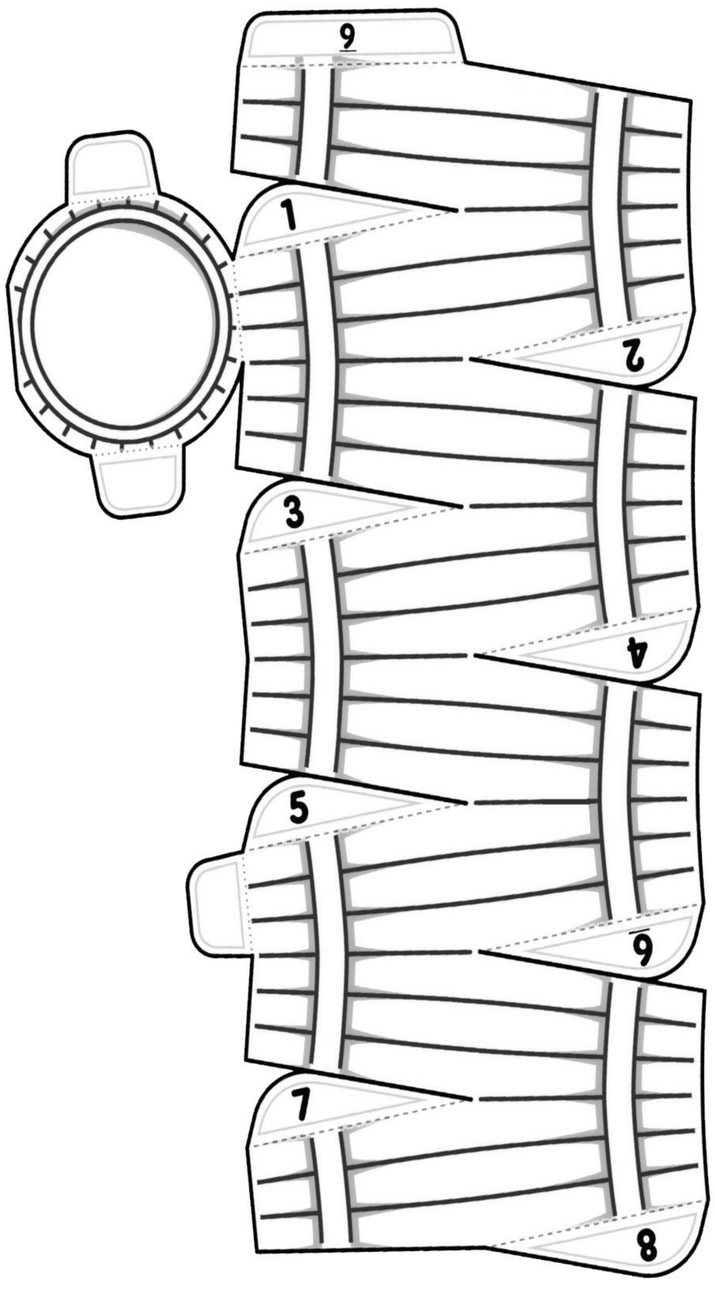

Carrots

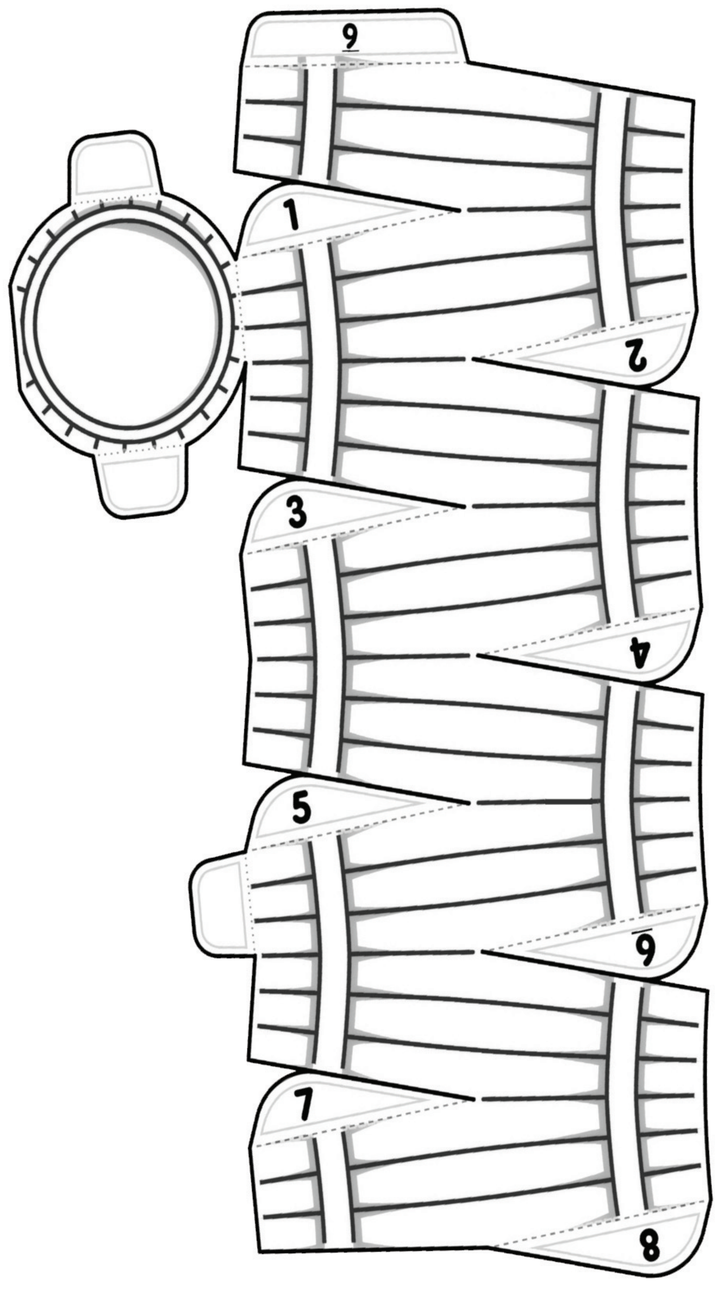

Peas

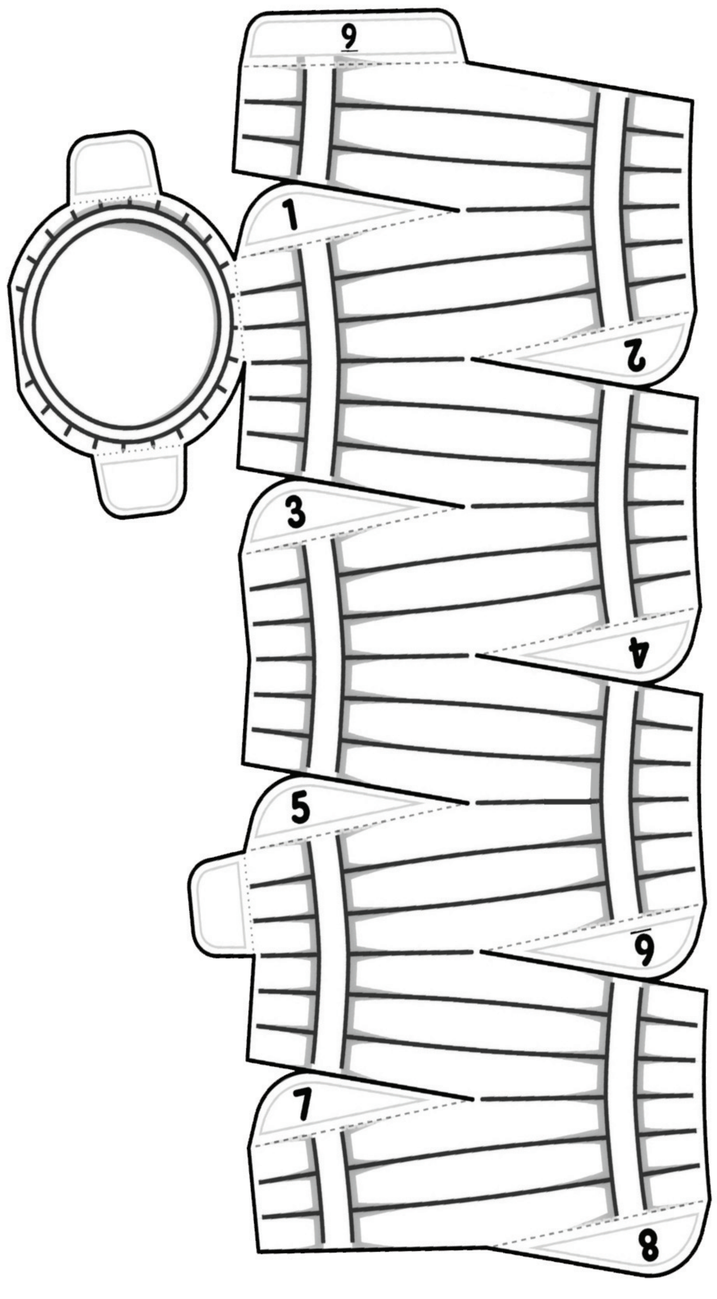

Barrels

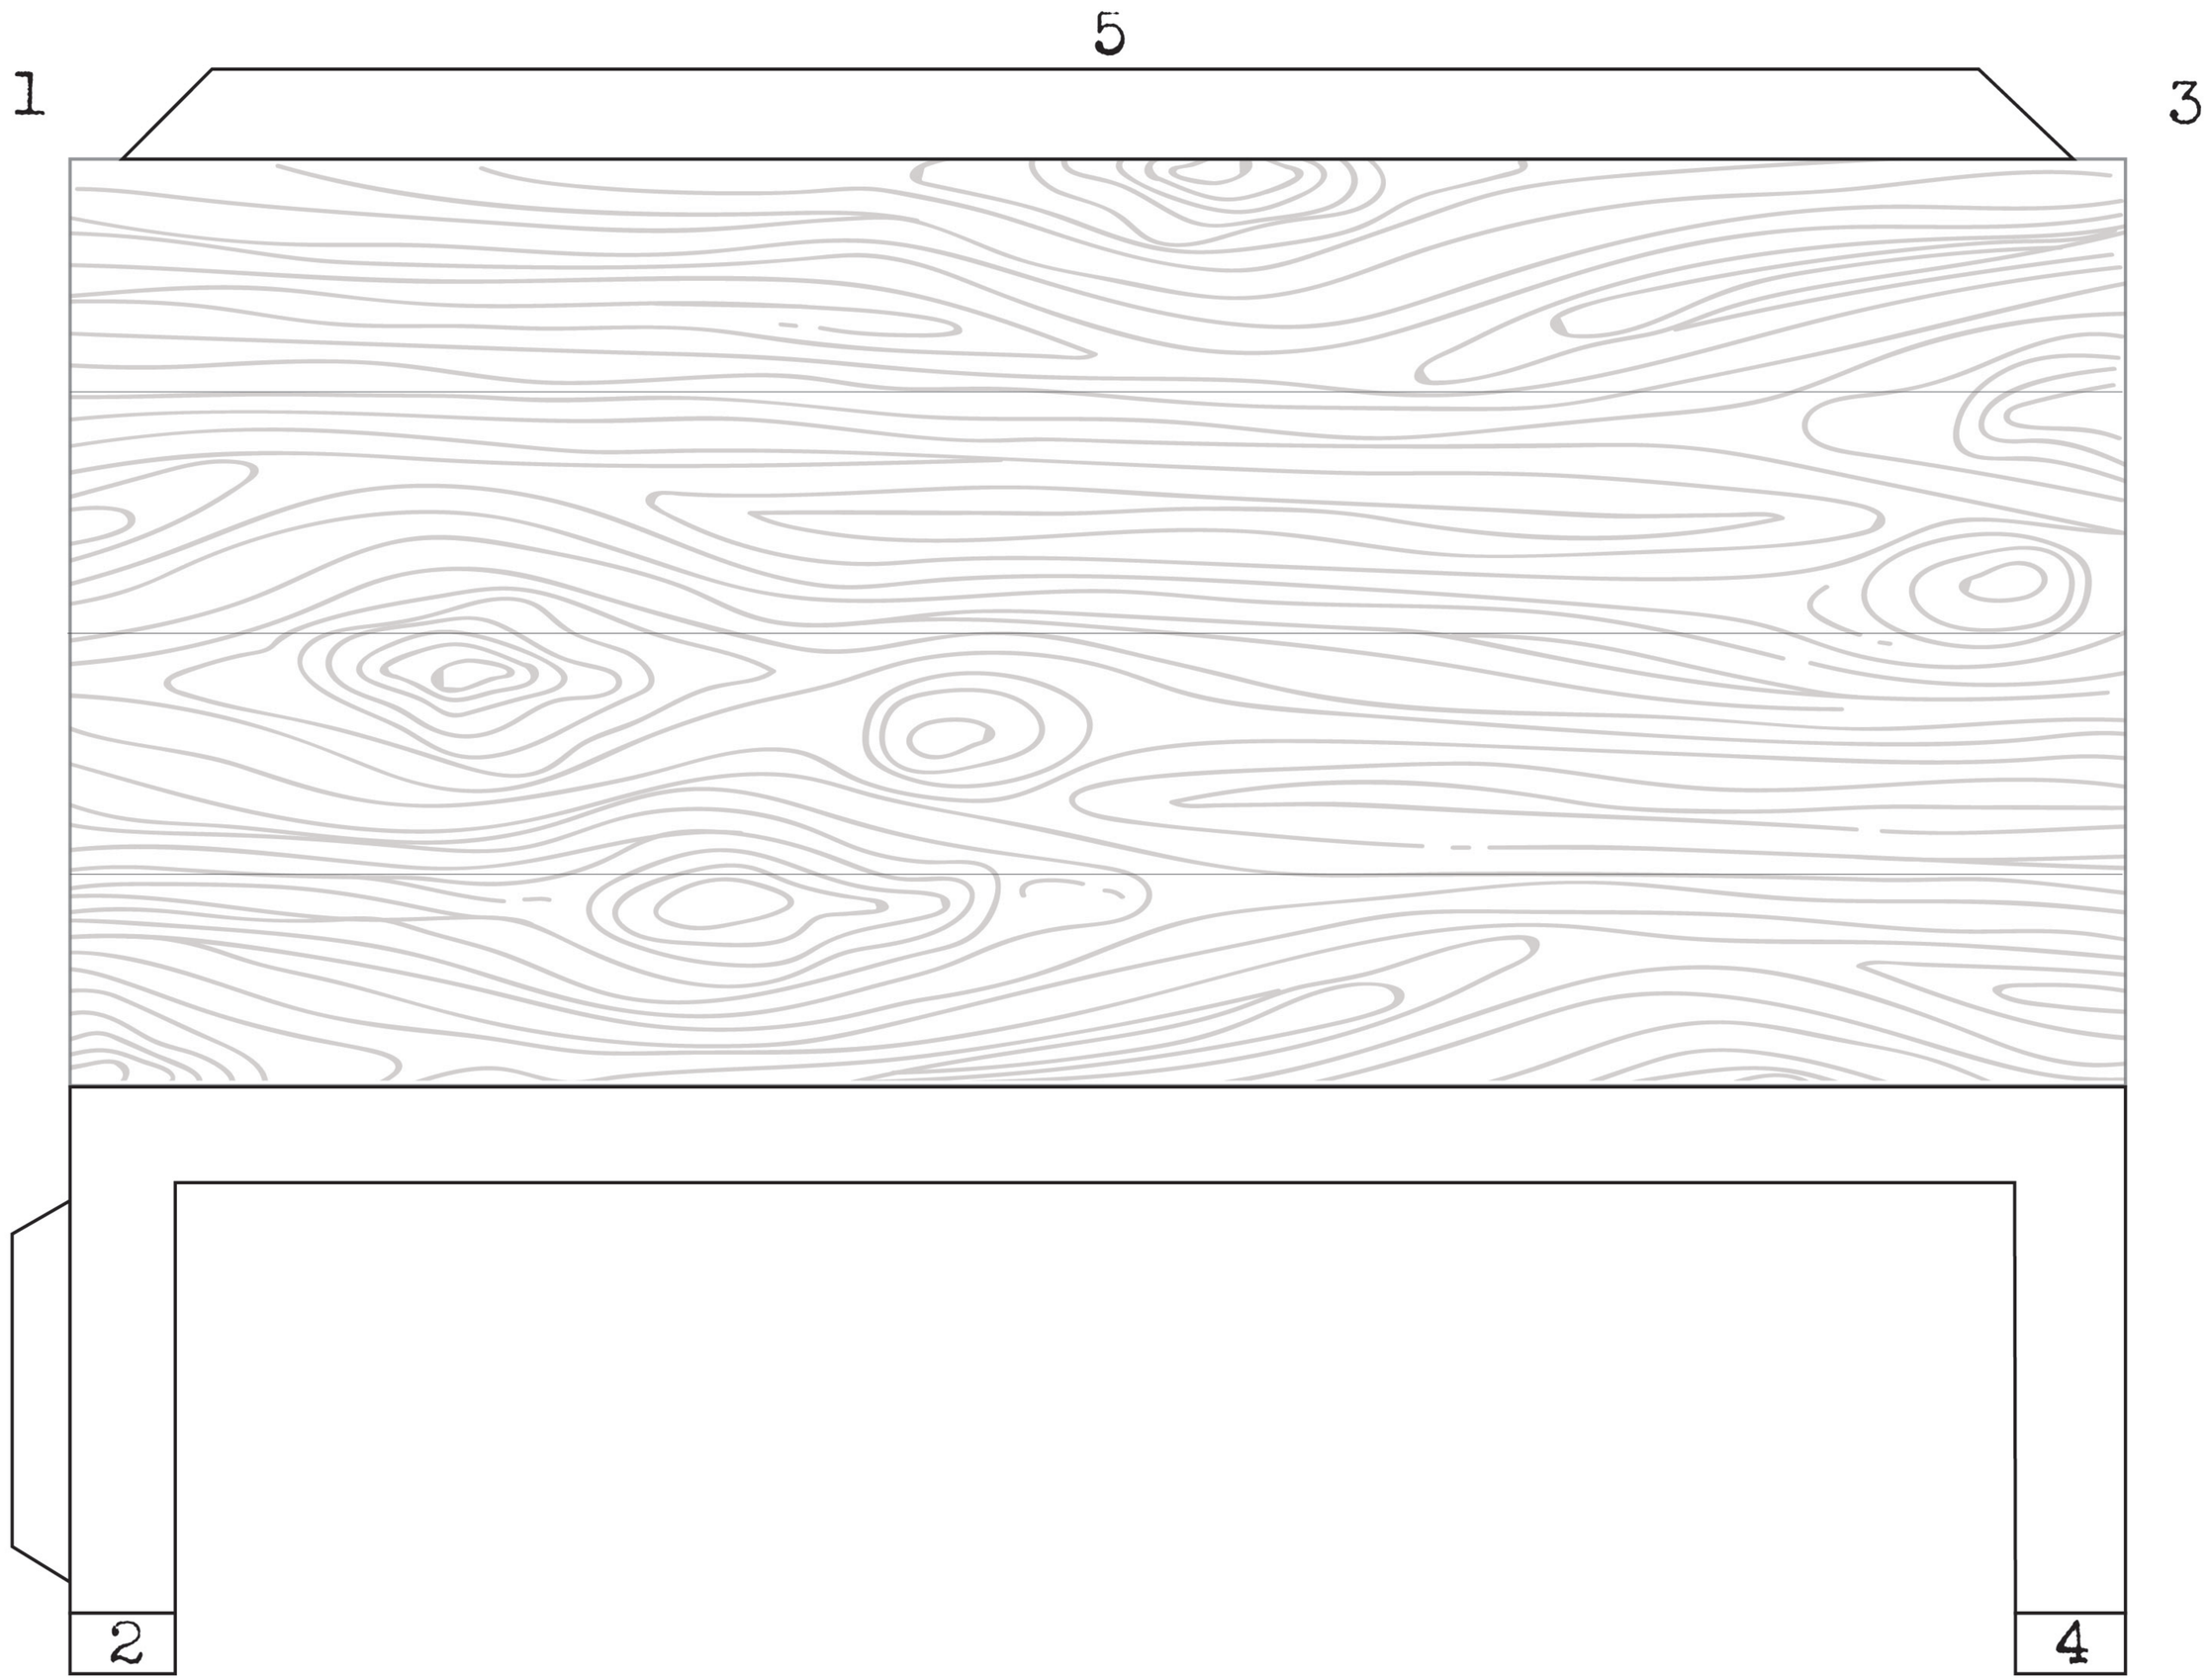

- Color the barrel.
- Cut on the dark lines.
- Fold on the dotted lines and glue the tabs.
- Be sure to cut on the lines pointed out with arrows in Fig. 1.
