QUOTE:

0117 HOW.THE.ANGEL.CAME.TO.ME.AND.HIS.COMMISSION_ CHICAGO.IL
FOOTPRINT.BOOK MONDAY_

« 281 † I believe that It is the same Pillar of Fire that led the children of Israel from Egypt to Palestine. I believe It's the same Angel of Light that come in the--in the jail and come in to Saint Peter and touched him, and went forward and opened the door and put him out into the light. And I believe that It's Jesus Christ the same yesterday, today, and forever. Amen! He's the same Jesus today that He was yesterday. He will be forever the same Jesus.

282 And while I'm talking about It, that same Light that's on that picture is on... standing not two feet from where I'm standing right now. That's right. I can't see It with my--my eyes, but I know It's standing here. I know It's settling withinside of me right now. Oh! If you could only know the difference when the power of Almighty God catches, and how things look different!
