# CLASS NAME: NOAH'S ARK

Project: Noah and the ark scene

## Scripture:

Thus did Noah;  
according to all  
that God  
commanded him,  
so did he.

Genesis 6:22

## Activity:

Get a “three cornered glass” and reflect light off of it to create a rainbow. Brother Branham talks about this

prism on tape. The three sides are one like the Father, Son, and Holy Ghost. It creates the seven colors of the rainbow, which is the seven Spirits of God.

Read about the story of Noah in Cub Corner magazine  
issue 1 pages 14- 15 and issue 23 pages 16- 17.

## Lesson:

- What does it mean to be ashamed?
  - Embarrassed, afraid of what other people think.
- Did Noah believe God?
  - Yes, he had faith in what God told him.
- Was he ashamed?
  - No, he sounded crazy to everyone, but God spoke to him and he believed God.
- How do we know Noah believed God?
  - He made the ark, and did all that God commanded.
- Did God fulfill the Word He spoke to Noah?
  - Yes, it rained! God always keeps His Word.
- Did you know that Noah was the prophet of his day? How do we know?
  - The Word of the Lord came to Noah for that day, and the Word of the Lord always comes to His prophets.
- God still keeps His Word and He still speaks to us.
  - How can we hear God speak to us? Quiet Time, hearing God's Word, reading the Bible, and through prayer.
- We must not be ashamed in our day, for we must act on what God speaks to our hearts as the truth.
  - A few examples: dressing modestly, fussing with siblings, and baptism.
  - Ask students for more examples.
- Brother Branham's example with meeting the seven angels.
  - He was not ashamed, and believed God. God kept His Word and met Brother Branham in Sunset Mountain.

## Quote:

“There was a man in a very scientific age, by the name of Noah. He wasn’t ashamed of God’s Word. God met him, and He talked to him. He knowed it was God. And He said, “It’s going to rain!” It never had rained, but he believed it was going to rain. And the faith that he had, he wasn’t ashamed to exercise it. He took a hundred and twenty years to build an ark, when the world was against him. He wasn’t ashamed of God’s Word, in his day. God saved him and his household, for it. There was a... How foolish it might have seemed to be to other people; but, to him, he met God. No matter how scientific the other was, that was contrary, how it said “it couldn’t happen, it couldn’t happen,” he met God!

That’s what it is when you know that you’re talking to Him! You would think it was a foolish thing when somebody... When, I know that there is a few people in the world holds on to what I say to be the Truth. To stand here and say, “THUS SAITH THE LORD, I’m going to Arizona, there I’ll meet seven Angels in a cluster,” well, there was a group of man standing there to see it happen. The other night, saying it, “Los Angeles would fall into the ocean.” But when you have met God, and the God Who doesn’t fail, the God Who does exactly what He said He would do, He has always done it, you’re not ashamed of it then. You don’t have to walk back and be embarrassed about it; you can tell the whole world. When a man meets God, talks to Him, and the reality of God becomes his in his heart, he’s not ashamed of It.

Noah wasn’t ashamed. It seemed foolish to the rest of the world, but not to him.”

Rev. William Marrion Branham  
65-0711 Ashamed

**Quote Minute Marker: 1:04:29 – 1:06:27, paragraph 175 – 177**

# NOAH'S ARK tutorial

## MATERIALS NEEDED:

# print-offs

Cut out all print-offs.

mountain scene

Noah

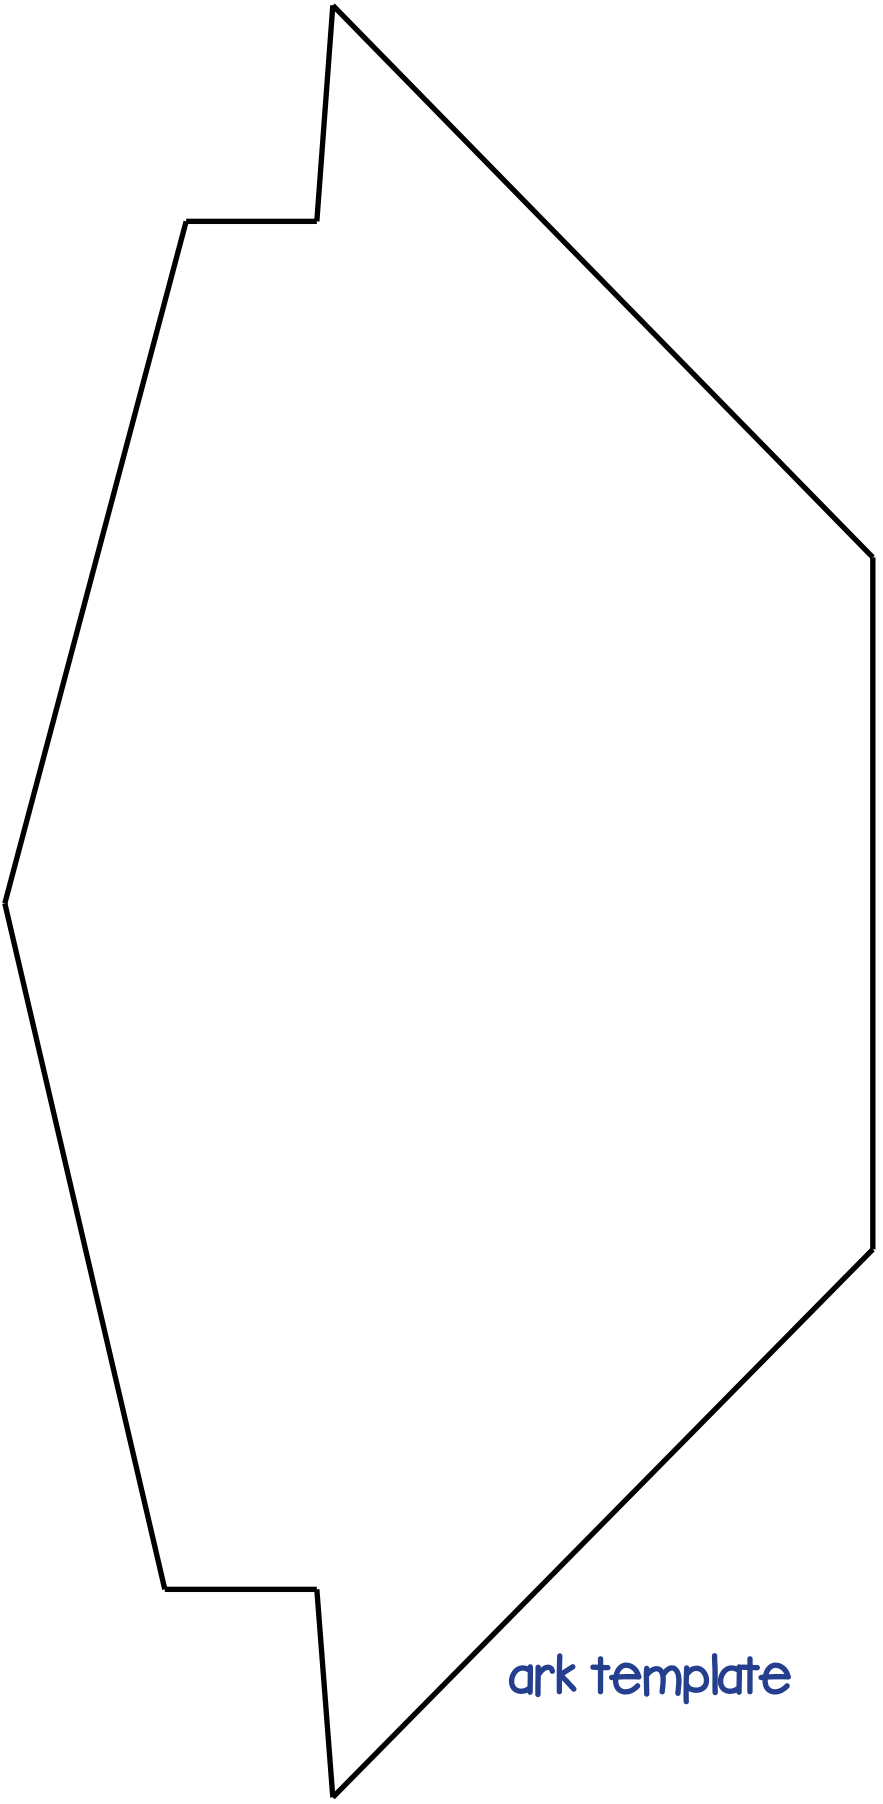

quote

**"When a man meets God, talks to Him, and the reality of God becomes his in his heart, he's not ashamed of it. Noah wasn't ashamed. It seemed foolish to the rest of the world, but not to him."** 65-0711

**Thus did Noah, according to all that God commanded him, so did he. Genesis 6:22**

ark template

1.

Glue the blue construction paper, centered onto the black construction paper.

2.

Trace the ark template onto the brown card stock.

3.

Cut out the ark.

4.

Draw a rainbow on the piece of printer paper, lengthwise.

5.

Cut out the rainbow.

6.

Glue the rainbow across the top of the blue paper.

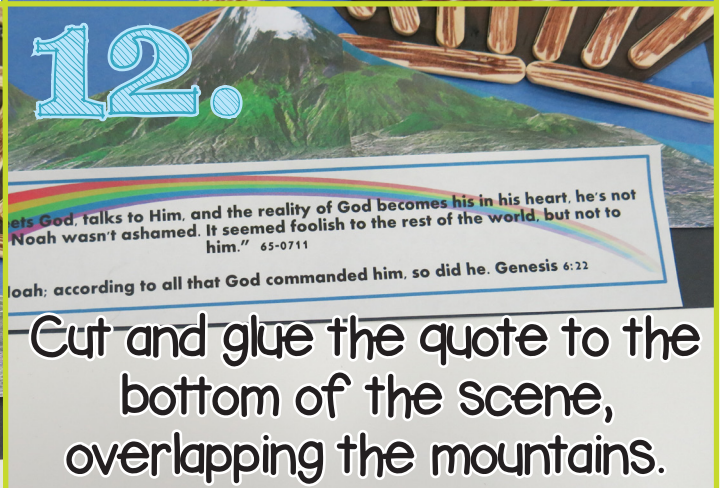

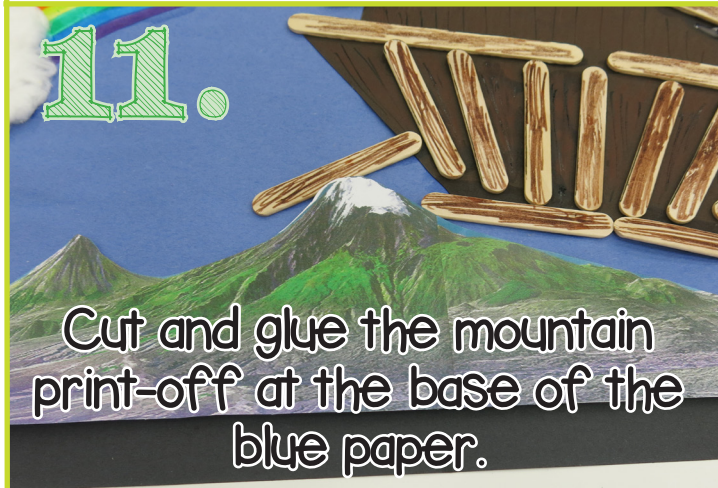

7.

Glue cotton balls at the left end of the rainbow.

8.

Glue the card stock ark onto the blue paper.

# You're finished!
