CLASS NAME: *sewing* 102 BAG

Tape Title: 64-0206E God's Provided Way For This Day

Project: *sewing a beginner's bag*

Scripture:

Have not I commanded thee? Be strong and of a good courage; be not afraid, neither be thou dismayed: for the LORD thy God is with thee whithersoever thou goest.

Joshua 1:9

Lesson:

There are times in our daily walk that things just do not seem to come together according to our thinking. In these times we need to trust the advise of those that are more experienced. But most importantly, trust in our Lord Jesus Christ.

For example, it must have been quite difficult for Miriam to watch as the princess discovered her baby brother. What if the princess took the baby to the king and he was put to death? How scary it must have been for her to have had to watch, as she waited for the reaction of the princess.

Miriam obeyed her mother's instructions, knowing that she trusted God to protect her baby. Not only did God protect Moses, but He provided a way for his own mother to care for him in Pharaoh's palace. Plus, as Brother Branham tells us, she even got paid for it. Just think, if Miriam had not obeyed and had faith, they may have never seen Moses again! Miriam showed a great trust for her mother, and for God.

Threading the sewing machine is one of those things that just doesn't always seem to make a lot of sense. There are lots of ups and downs, ins and outs. To miss one small step can make a dramatic difference in how the machine works, or doesn't work.

So, as you learn to thread the sewing machine, be like Miriam and follow instructions carefully. Though they may not seem to make a lot of sense, you need to trust your teacher by doing what is asked. When you do, the machine will work just how it's supposed to, allowing you to make beautiful creations.

Quote:

"Now we see that God doesn't change His systems of doing things. He always does it the same. We are constantly changing because that we are finite. We make all kinds of mistakes, and can improve and get better. But God is infinite. His first decision is perfect all the time. He cannot get smarter. He was the...He is the source of all wisdom. He is all wisdom. He is all power, omnipotent, omnipresent, omniscient, and infinite. So therefore, when He says anything, hang your soul on It, because it's true."

BAG TUTORIAL

The theme of this project is to learn how to thread your machine. The student will get plenty of practice! For each decorative stitch, they are instructed to change out their thread and their foot if needed.

**The seam allowance throughout the project will be 1/4", along the presser foot edge, unless told otherwise.

fabric for
straps:
(1) 46" x 2"
piece

solid cotton fabric:
(2) 13" x 10" pieces

7" zipper

various
thread
colors

fabric
scissors

heavyweight
fusible interfacing:
(2) 13" x 10" pieces

pins

A close-up photograph showing a hand holding a piece of white fusible interfacing over a piece of blue denim. The interfacing is being prepared for ironing.

1.

Iron the fusible interfacing pieces to the wrong sides of both denim pieces. Place parchment paper over the interfacing to protect the iron.

A photograph of a sewing machine needle stitching a piece of blue denim. The machine is set to a free-stitch pattern, creating a wavy line of stitches.

2.

Experiment with the different stitches on your machine. Free-stitch over the denim pieces. Change your thread color each time you change stitch, and your foot if needed.

A photograph showing a pink zipper being pinned to the top center of a piece of blue denim. Several pins are visible along the top edge of the zipper.

3.

Pin the zipper to the top center of one denim piece, right sides together.

A close-up photograph of a sewing machine needle stitching a pink zipper to a piece of blue denim. The needle is positioned at the top center of the zipper.

4.

Sew them together.

A photograph showing the other side of the pink zipper being pinned to the top center of another piece of blue denim. Pins are visible along the top edge of the zipper.

5.

Unzip the zipper and pin the other side of the zipper to the top center of the other denim piece.

A close-up photograph of a sewing machine needle stitching a pink zipper to a piece of blue denim. The needle is positioned at the top center of the zipper.

6.

Sew about halfway and stop. Always back tack when you stop.

7.

Zip the zipper shut. Then resume sewing where you left off.

8.

Iron the seam allowance down.

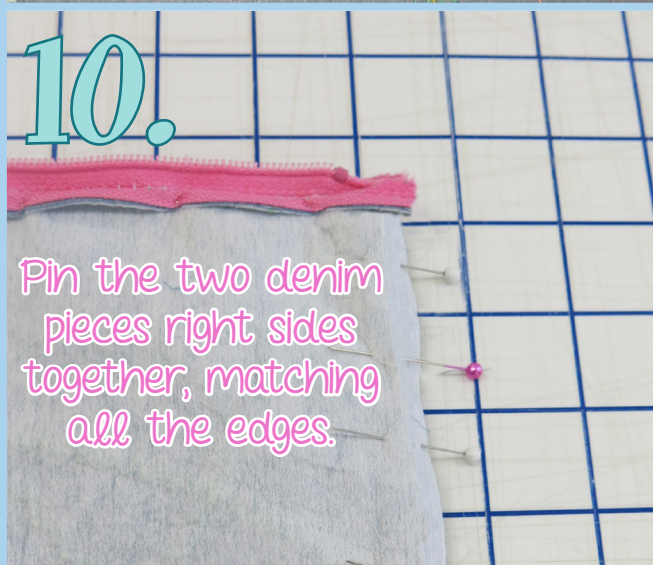

9.

Use a decorative stitch to top stitch.

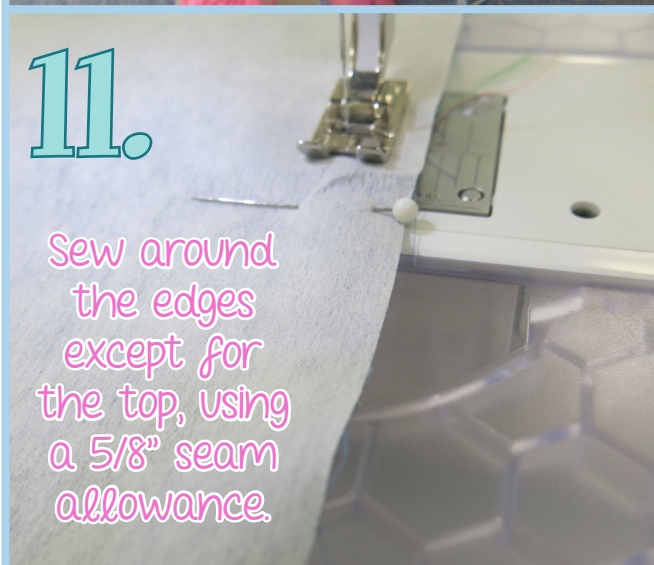

10.

Pin the two denim pieces right sides together, matching all the edges.

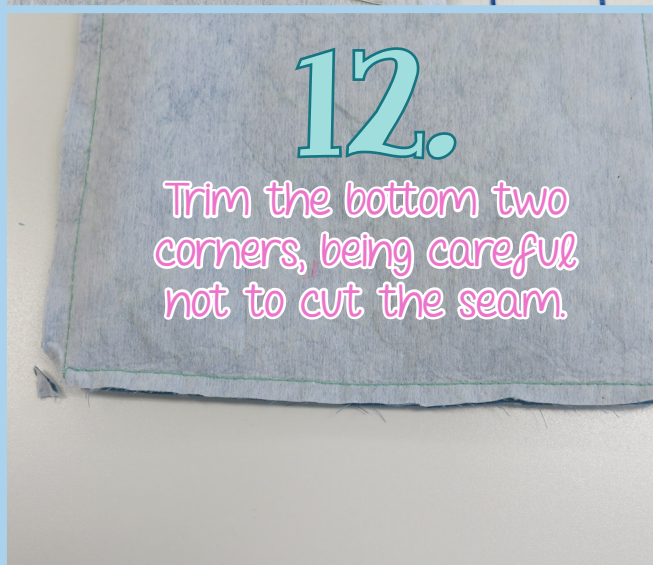

11.

Sew around the edges except for the top, using a 5/8" seam allowance.

12.

Trim the bottom two corners, being careful not to cut the seam.

13.

Turn the bag
right side out
and push out
the corners

14.

Iron the strap in
half, wrong sides
together.

15.

Unfold and then
fold both edges
into the middle
and press.

16.

Press in half.

17.

Stitch along
the folded
edge, needle
all the way
to the right.
Go very slow
and take
your time.

18.

Pin one side
of the strap
centered
on one side
seam, about 1"
from the top.

A close-up photograph showing a red and white patterned fabric strap being sewn onto a blue denim bag. The strap is already partially attached to a pink fabric strip at the top. A hand is visible holding the strap in place.

19.

Stitch the strap onto the bag, back tack a few times.

A close-up photograph of the red and white patterned strap being folded upwards. A silver pin with a purple bead is used to hold the folded strap in place against the blue denim bag.

20.

Fold the strap up and pin it again.

A close-up photograph showing the red and white patterned strap being sewn onto the blue denim bag. The strap is already partially attached to a pink fabric strip at the top. A hand is visible holding the strap in place.

21.

Stitch the strap onto the bag again. Backtack a few times.

A close-up photograph showing the red and white patterned strap being sewn onto the blue denim bag. The strap is already partially attached to a pink fabric strip at the top. A hand is visible holding the strap in place.

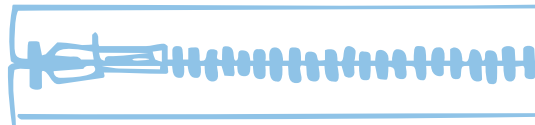

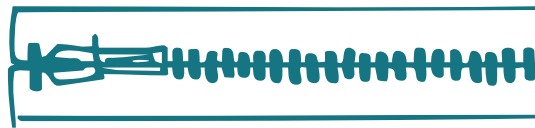

22.

Repeat with other side of the strap on the other seam. Be careful not to twist the strap as you sew.
