- 1 Piece of Gold Cardstock
- White Cardstock or Printer Paper for printing
- 1 Sheet of Vellum Paper
- Matte Black Gaff Tape
- Toothpick

## VELLUM PRINTING TIPS:

If the vellum is not going through the printer correctly, lightly tape the piece of vellum to a regular piece of printer paper. This helps the printer pull the vellum through the printer without jamming. If possible, place the vellum in the manual or rear paper tray. Print out the Printables-Vellum file onto this vellum paper. Carefully detach the vellum paper from the printer paper.

## Set up your pages

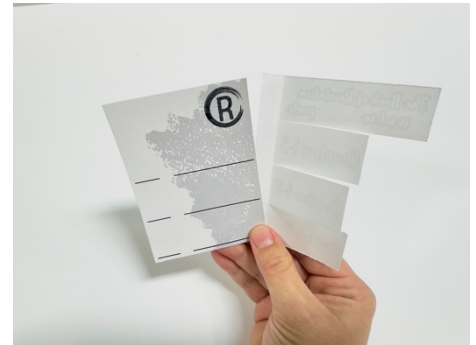

Reminder: Refer to pictures for placement.

- 3-hole punch 2 pieces of black cardstock and place in your binder. Leave them open to create a 2-page spread (left and right pages).
- 3-hole punch the vellum Unveiling page and place in the binder between the left and right pages.
- Sealed Boxcar. *See video in gallery.*
  - Cut a piece of black cardstock in half lengthwise – 4 ¼” x 11”.
  - Use a 22” piece of black Gaff tape, cut in half lengthwise, to tape one cardstock half to your left page to make a flap.
  - Paste the boxcar pieces to both cardstock halves.
  - 3-hole punch the right side of the second cardstock half and add to your binder between the left and right pages.
  - Center the R seal between the two flaps and paste the left side to the left page. Place a piece of double-sided tape on the right side to keep the flaps closed. (Option: Use Velcro dots to keep the flaps closed.)
