- Tweezers
- Double-sided tape

NOTES:

- The supplies listed are just suggestions. Feel free to use whatever supplies you like!
- The number of projects listed after each linked supply shows how many projects you can make from each item.

## PRINTING INSTRUCTIONS FOR TEXTURED COTTON PAPER:

- Set printer to 5"x7" prints.
- Set the print settings on your computer to mid-weight or intermediate weight paper setting and the paper size to 5"x7".
- Print one piece of paper at a time if using the textured cotton paper.

## STEPS:

1. Print Mother's Day printables on textured card stock or cotton textured paper.  
**(See instructions for textured paper, above.)**
2. Remove the top piece of the picture frame. Place Mother's Day printable on the inside piece of the frame.
3. Use the tweezers to carefully place the pressed flowers of choice inside the frame. Arrange the flowers around the Mother's Day printable to create your own unique design. **Tip: If needed, you can use a small piece of double-sided tape on the back of printable and flowers to keep them from sliding.**
4. Carefully lay the top piece of glass over the bottom piece to secure your flowers.

YOU'RE FINISHED!
