## THE SEVENTH SEAL

- How many days was Brother Branham in his study? Use The Table app to search "shades pulled down" in *The Seventh Seal*. Press play and listen down to paragraph 35. Draw a press play around the days that Brother Branham spent in his study so the Lord could reveal the Seven Seals to him.  
HINT: If you need a starting place for the calendar, look at the date for "God Hiding Himself In Simplicity Then Revealing Himself In The Same" for your first day.  
Next, watch the SWHC 2021 "Den Room" video to see where this special chair came from! Color the picture of Brother Branham.
- Grab your SWORDS! Do you remember which Scripture Brother Branham reads for this Seal? Fill in the blanks with the chapter and verse numbers. Next, there are three special words on this page. Search *The Seventh Seal* using the three keywords. HINT: All three words start with an "S", and you must type in all three words to find the correct quote. Press play and follow along in your Bible as Brother Branham reads the Scripture. Color the three special words after you hear the quote. Cut and paste "silence" over its definition.
- Do you believe in God's Mathematics? Search "mathematics" in *The Seventh Seal* and listen to both quotes that show up. Can you find the hidden items in the picture?  
BONUS: There's one item in the picture that doesn't belong! Circle it when you find it.
- "Now I want you to catch this lesson good, tonight, now." Listen to paragraphs 84-96 to hear this important lesson. As you listen, make a tally mark under Sunset Mountain every time Brother Branham says the word "prophet."
- The Sixth Seal ends the 6th chapter of Revelation, but the Seventh Seal is in the 8th chapter of Revelation... so, what happens in the 7th chapter? It's very important that we notice this little interval. Search "interval" in *The Seventh Seal* and listen to the quotes that come up. Fill in the first two blanks, and cut and paste "interval" over its definition.  
Turn to Revelation 7 in your Bible and listen to paragraphs 127-140 as Brother Branham reads Revelation 7 for us. Fill in the blanks.  
BONUS: If you have time, search the paragraph numbers listed under the verses to hear more about Revelation 7!

- Let's review! Trace, color, cut and paste the answer to each question.
- Search for this quote in *The Seventh Seal*, listen, and fill in the blank.
- First, cut and paste "mystery" over its definition. Then, search "threefold" in *The Seventh Seal* and listen to each quote. Follow the folding instructions on cutout #8 until you can read the hidden message. Paste it in place on your page.  
HINT: The final shape that you paste will be a square.  
BONUS: Search "unfolded" when you're done and listen to the quotes as well.
- Some of the seals on your worksheet are talking about the Seventh Seal, and some are talking about the other six Seals. Color the seals that pertain to the Seventh Seal green, and color the rest of the seals blue.  
HINT: Some of the correct answers are in paragraphs 231-235.
- Search *The Seventh Seal* for a quote that has "constellation" and "Arizona" in it. Listen from that quote through paragraph 276. As you're listening, fill in the blanks with the numbers that Brother Branham says.
- Did you notice the 7 hidden letters on page 1? Unscramble them and fill in the blanks.
- Watch the SWHC 2021 "Sabino Canyon" video to hear Brother Branham tell us about this special event. Color the sword and quote, and cut and paste the photo of Brother Branham's Bible.
- Why is the Seventh Seal such a secret? Search "if Satan could get a hold of it" and listen until paragraph 261. Fill in the blanks.
- Search the phrase "perfectly on the dot" in *The Seventh Seal*, and press play to hear what Brother Branham says about this. Solve the dot-to-dot puzzle and color it in when you're finished.
