# Lesson

## Scripture:

Genesis 9:16

16 And the bow shall be in the cloud; and I will look upon it, that I may remember the everlasting covenant between God and every living creature of all flesh that is upon the earth.

## Quotes:

We listened to 63-0623M Standing In The Gap par. 113-156.

« 63-0623M STANDING.IN.THE.GAP\_ JEFFERSONVILLE.IN V-6 N-7 SUNDAY\_

148 I stopped and looked up on the mountain, and I seen those seven hills. Now, here, if you want to see something: There was seven peaks on top of a mountain, one mountain, that run for several miles. The last mountain before you go into the other country; no more mountains after that. And it was running from east to the west, the mountain set, and it was snowcapped on top.

149 The first two small peaks, and then a large peak; and then another small peak, and then a larger peak; and then a small peak, and then a great, large, long, snowcapped mountain. And I said, "Lord, I do not understand what that means."

150 He said, "How many peaks are there?"

151 I said, "There is seven."

153 And there was three outstanding peaks. He said, "Those three peaks are the first, second, and third pull. The first one was your first part of your ministry, small hill; then your first pull, pretty high." You know, sign in the hand. Then there was a little interval in there, the time that I was taken off from being too tired. Many of you remember it. And then come the discernment, the second pull. Now I've had another, about a few years here of just kind of little peaks, see, back like my ministry wasn't yet, and then come the third one.

152 "How many letters is in your name? B-r-a-n-h-a-m, M-a-r-r-i-o-n B-r-a-n-h-a-m." «

154 Three is a number of completion, see, the third one. The next peak was five, number of grace. And the next peak was seven, the number of comp...of perfection, the end. "Six days shall you labor. The seventh is the Sabbath," the end of the week, the end of time. See? And I stopped and I showed it to Billy. And I looked at them.

# Branham Peaks Tutorial

## Tools Needed

- Clamps
- Measuring tape
- Sandpaper
- Safety glasses
- Table saw
- Bandsaw
- Drill press
- Miter saw

## Materials Needed

- Assorted wood
- Wood glue
- Finish

\*\*\* Parental assistance recommended.

# Steps

1. Cut out template of peaks on ¼” piece of wood. **\*\*Optional\*\*** paint or attach a lighter color wood for snow-cap peak.

2. Bevel edges with a sander for a more defined look.

4

3. Cut backing to hold peaks together out of ¼” thick piece of wood. The backing should follow the contour of the peaks when assembled in the correct order, but should not be visible from the front.

4. Glue and nail backing on from backside.

5

5. Cut a 16" x 6 1/2" x 1/4" piece of wood for your background.

6. Sand.

6

7. Glue and nail background to peaks.

8. Apply finish.

**You're Finished!!!**
